Fametech 2012 Receipt Printer Brochure

A receipt printer is one of the most important components among the various POS peripherals, as receipts are proofs that customers have purchased their items legitimately. Most receipt printers come with an RJ11 socket with VCC_24V for cash drawer connection purposes. This enables both the printer and the cash drawer to share a single connection port on the POS terminal. Options such as auto cutter, printer-pass-through capability for customer display are also available.

The newly developed PRP-300 and PRP-250 are the milestone products of 2012 for Fametech Inc. The innovative receipt printers include an exciting breakthrough development in that the users no longer need to worry about choosing the corresponding interfaces to pair with their machines. The new receipt printers are all equipped with multi-I/O main boards that combine USB, serial and LAN connections onto a single board!

* The alarm buzzer PBZ-100 is released, please visit our website for more information.

PRP-058
Mini Thermal Receipt Printer

- Graphic printing capability
- Print head speed : 50mm per second
- Print head reliability : 50km
- Paper width 57.5 ± 0.5 mm
- Print column : 384 dots per line
- Halt-on protection from overheat : 60°
- Character per line : 32 (font A)
- Dot density : 8 dots per millimeter

PRP-058C
Compact Thermal Receipt Printer

- Compact Thermal Receipt Printer
- Print method : thermal line printing
- Print reliability : 100 km
- Print speed : 120 mm/sec
- Paper thickness : 0.06 – 0.08mm
- Paper width : 2-inch, 57.5 ± 0.5 mm
- Print columns : 384 dots/line
- Interface : Paralleled, Serial, LAN, USB
- Compatible with ESC/POS

PRP-076
Dot-Matrix Receipt Printer

- Print speed : 4.5 lines per second
- Max label width : 76mm ± 0.5mm
- Print density : 400DPL or 300 DPL
- Halt-on protection : 120°C
- Print head reliability : 5 million lines
- Paper width : 76mm ± 0.5mm
- Dimension : 260mm x 160mm x 132mm
- Weights : 1600g (without cable)

PRP-188
Vertical Thermal Receipt Printer

- Print speed : 250 mm/sec
- Print reliability : 100Km
- Print resolution : 576 dots/line
- Effective print width : 72mm
- Paper width: 79.5, ± 0.5mm
- Paper thickness : 0.06~0.08mm
- Print command : ESC/POS print commands set
- Over-heat halt-on Protection: 80°C
- Multi I/O interface (Serial + Ethernet + USB or Parallel + USB)

PRP-250
Glossy Thermal Receipt Printer

- Glossy Thermal Receipt Printer
- Print speed : 250 mm/sec
- Print reliability : 100Km
- Print resolution : 567 dots/line
- Effective print width : 72mm
- Paper width: 79.5, ± 0.5mm
- Paper thickness : 0.06~0.08mm
- Print command : ESC/POS print commands set
- Over-heat halt-on Protection: 80°C
- Multi I/O interface (Serial + Ethernet + USB or Parallel + USB)

PRP-300
Featured High Speed Receipt Printer

- Print Method : Thermal line printing
- Print Speed: 250mm/sec
- Print Life : 100 Km
- Print resolution : 567 dots/line
- Character Per Line : 48 (Font A) / 64(Font B)
- Paper Width : 79.5mm± 0.5mm
- Paper Thickness : 0.06~0.08mm
- Print Command : ESC/POS print commands set
- Multi I/O Interface (Serial +Ethernet + USB or Parallel +USB available)
- Audio and LED Indicators
- Paper End Notice & Over-Heat Halt-on Protection
